

Is MacGyver your hero?

If you like to troubleshoot problems and can always find your way out of a tricky situation, you may be the character we're looking for.

INNOVATION PLACE is looking for a Journeyperson **ELECTRICIAN** who can stay cool under pressure and serve as an ambassador for Innovation Place with clients, consultants and contractors. We want someone who is multi-talented and can perform electrical and general building and equipment maintenance. Along with the daily operation and maintenance of Innovation Place buildings, you will be responsible for minor and major repairs to a wide range of sophisticated laboratory, building equipment and security card access systems.

WHAT WE WANT FROM YOU:

- Inter-provincial Journeyperson status in the Electrical trade and a Fireman's Certificate
- a thorough understanding of building HVAC systems, steam and hot water boilers
- the ability to assess critical maintenance problems
- the ability to troubleshoot electrical problems and controls
- self motivated with the ability to effectively prioritize and manage projects

HERE IS WHAT YOU'LL BE DOING:

- maintain electrical switch gear, distribution panels, wiring and equipment;
- perform electrical and equipment maintenance on customer equipment and facilities;
- daily operation and regulation of HVAC system;
- regular preventative maintenance activities;
- operate computerized building system;
- respond to emergency call-outs on a rotational basis; and
- general building maintenance.

WHAT YOU CAN EXPECT FROM US:

- a flexible work environment
- a great benefits package
- a gorgeous park setting to work in
- a great team of people to work with

... and all sorts of fancy tools so you won't have to make any yourself.

If this sounds like a good fit for you, please submit your résumé by September 10, 2010 to:
