---

### Position:

Calian, Advanced Technologies is looking for an energetic team-player to join our fast-paced environment as a **Material Handler**! You will use your strong attention to detail and organizational skills to receive, inspect and ship goods, fill requisitions, pick work orders, put material away in stores, and update our electronic tracking system (SAP) accordingly.

### Responsibilities:

- Stock inventory in stores, including use of the IS system to receive goods from the incoming inspection area and putting them away using the address system
- Inspect incoming material
- Fill requisitions received at the stores window
- Pick kits in a responsible and efficient manner
- Put away incoming parts, place parts on tape and reel, pick parts and put onto racks, stage racks in preparation for production, cycle counts, and stock adjustments

### Qualifications:

- High School education or equivalent
- 1+ years' experience in distribution of parts, fabrication, or general warehouse experience
- Knowledge of good packaging practices
- Ability to follow documented procedures
- Experience with SAP is considered an asset

### Why Work for Calian Advanced Technologies?

- A casual, team-oriented work environment that promotes learning, collaboration, and skill improvement
- Opportunity to make an impact by building and supporting project that millions of people depend on daily
- Annual salary and performance reviews, robust company-paid benefits plan with the option to purchase company stocks

The ability to meet the requirements outlined in the Canadian Controlled Goods Program is mandatory. The successful candidate is required to apply for and receive a Government Security Clearance.

The successful applicant will be required to work on site at our Innovation Place facility while adhering to all our COVID-19 measures and guidelines.

Thank you for your interest in Calian!
